Geneva

MISSION STATEMENT VISION

CBX Stock Exchange is a trading platform for all companies which grow, transform or distribute cannabis-based products.

Our goal is to provide all actors with the tools to test and certify their products from the seeds to the shelves. Ultimately, we will spread quality products and education to the final consumers, establishing trust and authority through CBX Certification and safety labels.

HOW WE MAKE A DIFFERENCE !

To engender greater legitimacy for the industry and its players through providing a structured and trusted B2B marketplace, one which offers "seed to shelf" transparency and protects buyers, sellers and ultimately the end user.

ALL-IN-ONE PLATFORM

www.cbx-se.com
Taylor-made system to suit cannabis products, operations, and regulations.

CBX TRANSPARENCY CERTIFICATION FOR MEMBERS AND PRODUCTS

Introducing industry standards and quality control.

PRODUCT TESTING

With ISO17025 certified, Swiss Gov. Accreditation and SwissMedic approval.

AUTOMATED TRADING PROCESS

Secure, in a single click.

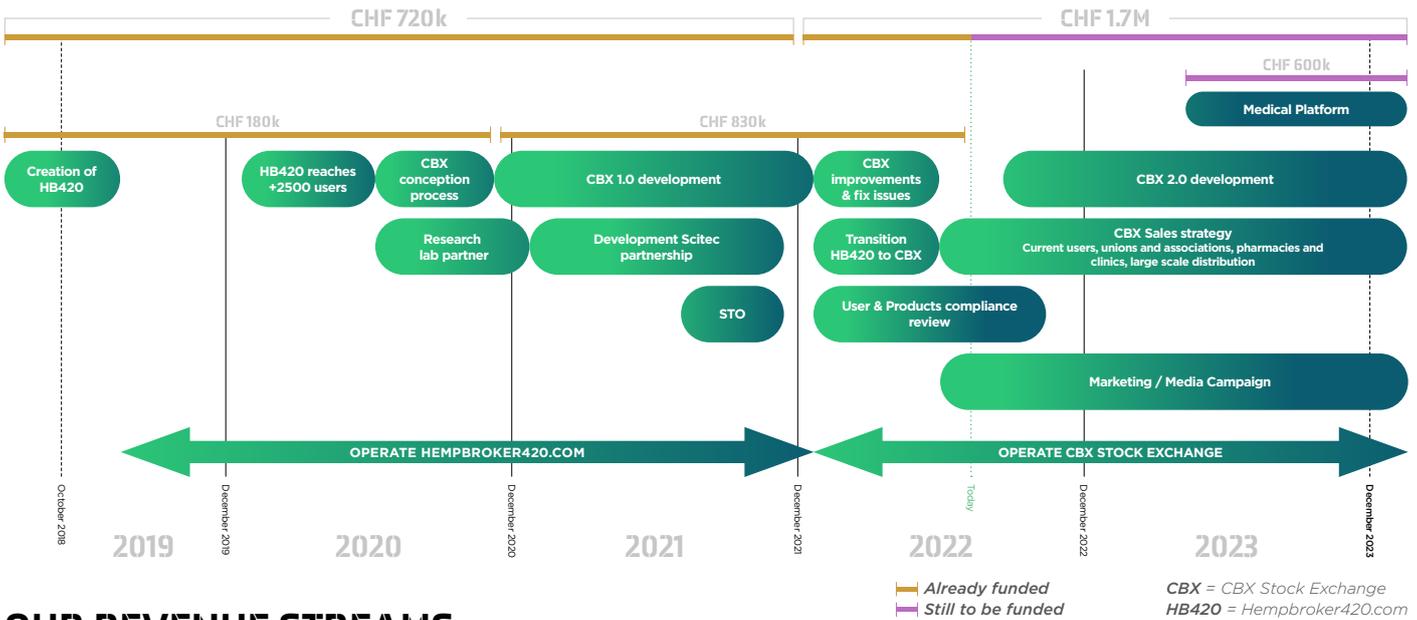

CBX Stock Exchange provides :

- A safe and controlled marketplace to trade
- A revolutionary environment for cannabis companies
- Tools to improve their production process
- Network to expand company exposure
- Certifications to boost their trust factor
- Monitored molecular profiles to improve medical and production R&D
- Ultimately increase sales with partners and end consumers.

CBX started life in Geneva in January 2022, co-founded by cannabis veterans Jonas Duclos and Kevin Goetelen. Both had founded previous cannabis startups and saw the gap in the market for a trusted and transparent cannabis commodities platform.

OUR JOURNEY AND DEVELOPMENT PLAN

CBX Stock Exchange is the ultimate centralized tool to register, showcase and trade cannabis products. Our global network of almost 4'000 cannabis focused companies is controlled, monitored, rated and certified to offer absolute transparency to all parties. We aim to rally the majority of the companies active on the cannabis markets worldwide.

OUR REVENUE STREAMS

To engender greater legitimacy for the industry and its players through providing a structured and trusted B2B marketplace, one which offers "seed to shelf" transparency and protects buyers, sellers and ultimately the end user.

INVEST IN CBX STOCK EXCHANGE

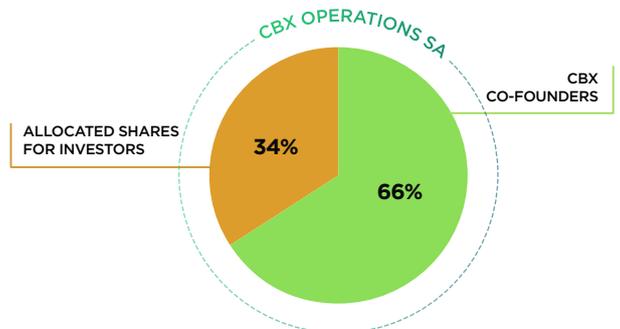

To launch and support the development of CBX Stock Exchange, we are looking to raise capital for up to 20% of the company.

CBX Operations SA, a Geneva based company, has tokenized its shares to open the Company to all public investors. The STO, Security Token Offering, of the CBX SWISS SHARES was launched in December 2021.

This process allows all investors to invest directly via the Bridge Wallet app into the CBX Stock Exchange project with the xDai blockchain.

The development of the project requires over CHF 2M, on which more than CHF 700K have already been financed by the co-founders.

To support the development of the project, CBX Operations SA has tokenized its shares to open the company to public investors, and is looking to raise capital for up to 34% of the company. Minimum investment: CHF 500.- (1 Token).
